

## **Landlords Interested in the Rental Assistance ("Section 8") Program**

In 2008, the Lancaster County Housing Authority will be issuing a considerable number of Rental Assistance Vouchers to eligible families and individuals who will be searching for decent, affordable rental housing in Lancaster County outside of Lancaster City.

For participating landlords, the program offers the benefit of a portion of the rent coming to them reliably each month from the Housing Authority.

The Authority also does criminal background checks on all tenant applicants, performs inspections of rental units each year, and provides an incentive for tenants to abide by their lease terms in order to continue getting rental assistance.

If you are interested in participating in the Housing Voucher Program, or have questions about policies and procedures, please contact us at (717) 394-0793.
